Did You Know?

You are in the right place at the right time.

According to research, less than 20% of people can touch type fluently. So, although we are living in a digital age with computers all around us, and with the main method of inputting data being a keyboard, the majority of 80% of people are still using the hunt and peck method for typing! So bad....

When you finish Keyboarding class, you will be far ahead of most people.
